Pflow's Series F Lift Offers Maximum Capacity, Rugged 4-Post Design For The Heaviest Lifting Applications

- Lifts heavy, bulky, oversized loads up to 30,000 lbs. and more.
- Transports multiple pallet loads, large carts, heavy machinery between two or more levels.
- Offers maximum flexibility in carriage size, capacity and traffic patterns. Loading and unloading from all four sides.
- Engineered to meet your exact application requirements. Unlimited vertical rise. Travel speeds up to 400 fpm.
- Carriage is lifted and lowered by heavy roller chain attached to a mechanical lifting mechanism.
- Heavy-duty construction provides superior strength, reliability and long-term performance.
- Built-in, advanced safety features protect workers and materials. Access gates at each level are interlocked with lift operation.
- Available with patented DeckLock system which automatically locks carriage at critical upper levels and eliminates carriage bounce or drift.
